A Day in the Life

Awareness Session: A Day in the Life of a Student

Date Observed: 4/22/14

Course Attributes: _____

Building: Centennial

Name: AVID 10

Teacher: Hidaka

Room #: 112

Room SF: 900 +/-

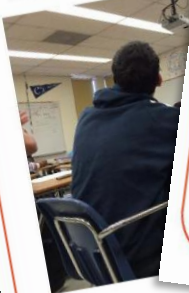

Notes

Students were given a weekly learning contract. Class is to help students develop skills and success.

This day was non-typical because of the presence of student tutors in the class to help students with their coursework.

Generally the class was set up in a small group of students arranged around a conference table was also in use for this class.

Teaching wall had two whiteboards. 20 students in attendance - Instructor had good interaction with students - history- this is his only session.

Awareness Session: A Day in the Life of a Student

Date Observed: 4/22/14

Course Attributes: _____

Building: Centennial

Name: French 2

Teacher: Wilder

Room #: 225

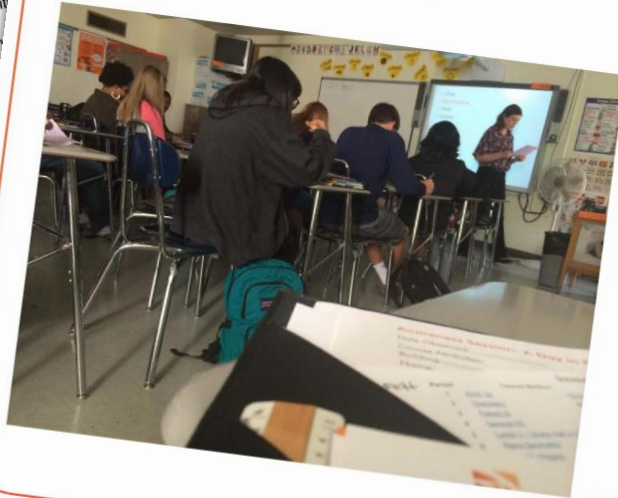

Room SF: 900 +/-

Class Activities:

Class Activities	% of Time
1. greeting/dialogue	10 min
2. Worked in pairs with vocab cards	15 min
3. Worked in pairs with sentence cards	20 min
4. Individual work	5 min
5. _____	_____

Notes and Sketches

15 students, 1 instructor
Generally quiet atmosphere.
Students were engaged in the activities and worked hard.
Some pairs of students worked well as teams, others did not.
Instructor worked with the pairs, helping as required.
No phones, earbuds.

High School Planning

Context Building

Observed student activities, delivery and instruction as it happens today.
